Graduation or Commencement?

Two words with different meanings. It all depends on your point of view. Will you graduate or will you commence?

Graduation means the completion of a required course. Commencement means the beginning of new experiences.

This year, seniors will be starting new tasks. Some of you will become housewives, others will start new jobs in shops, factories and offices. Still others, will continue your studies in college.

All of these opportunities are a chance to commence anew.

Make the Most of it.

Home is where you make it

IF the job's there, and you can get it—go ahead. Nobody can stop you from crossing state lines, choosing your own job. In America you have a right to work anywhere you please. Lots of people in other countries wish they had this same freedom.

If you lived behind the Iron Curtain—or under that kind of government—you'd be expendable manpower, nothing else. You'd work where you were told to work, at any job the state said you should do. You'd have no choice. You couldn't hope for better working conditions, criticize the boss, or pick up and leave.

You know... it's really something, this freedom to work where you please. It's a precious heritage, part of being an American. And doesn't it give you the shudders to realize that there are people who'd like to take this right—put us all under Iron Curtain working conditions? Let's not let it happen...

Keep your rights, all of them, including this one. Speak up for them. Resist any movement to take them away. Don't let anyone talk down your freedom. Compare what you've got with what they've got—and keep your right to work where you choose!

The best way to protect your rights is to know them and treat them right by exercising them.

DO YOU KNOW YOUR RIGHTS?

As Americans, we have the greatest freedom and the highest standard of living in the world. Help keep it that way by knowing your rights and guarding them well. Some of them are:

- Freedom of worship*
- Right to secret ballot*
- *Right to know how your union spends your dues*
- Freedom of speech*
- Freedom of the press*
- Right to criticize officials*
- *Right to know salaries of your union officers*
- Freedom from search without warrant*
- Right to petition government for redress of grievances*
- *Right to know if your union officers are Communists*
- *Right to know how your union is run*
- Right to speedy and public trial by jury*
- Right to help of a lawyer*
- *Right to hear your employer's side of disagreements*
- Right not to appear as a witness against yourself*
- *Right to refuse to permit the "check-off" of union dues*
- *Right to go direct to your boss with a grievance*
- Right to be presumed innocent until proved guilty*
- Freedom to own property*
- *Right to work despite union jurisdictional disputes*
- Freedom to work in any locality*
- *Right to proper supervision of your union welfare funds*
- Freedom to start and manage a business*
- Freedom to make a profit*
- *Right not to be fired by union leaders*
- **Right to vote on company's best offer*
- *These are rights you enjoy under the Taft-Hartley law.*

Compliment's
of
E. W. BLISS COMPANY
Canton 10, Ohio

The E. W. Bliss Company offers its congratulations to the class of 1957.

Whether you as individuals go on to college or enter the business world now, we are certain that the education you are presently completing will be of immeasurable value to you.

We are constantly aware of the value of education in our own operations. To aid us we have established a scholarship program for high school graduates entering the engineering field.

To manufacture mechanical and hydraulic presses takes knowledge and education is the avenue to knowledge.

Mr. Wisard—This examination will be conducted on the honor system. Please take seats three apart and in alternate rows.

The professor was delivering the final lecture of the term. He dwelt with much emphasis on the fact that each student should devote all the intervening time preparing for the final examinations.

"The examination papers are now in the hands of the printer. Are there any questions to be asked?"

Silence prevailed. Suddenly a voice from the rear inquired, "Who is the printer?"

A college freshman was being severely criticized by his professor.

"Your work should be so written, even the most ignorant will be able to understand it."

"Yes, sir," said the student, "what part didn't you get?"

The graduate law student got his first client a suspended sentence. They hung him.

Teacher (warning her children against catching cold): "I had a little brother seven years ago, and one day he took his new sled out in the snow when it was too cold. He caught pneumonia and three days later he died."

Silence for ten seconds.

A voice from the rear: "Where's his sled?"

He: "How about a little ride, Cutie?"

She: "Are you going north?"

He: "Yes, I am."

She: "Give my regards to the Eskimos."

Joan C.: "I have a friend I'd like you girls to meet."

Ruth G.: "What can he do?"

Sandy D.: "How much has he?"

Shelly P.: "Who are his family?"

Marla S.: "What church does he belong to?"

Mabel L.: "Where is he?"

Mr. Gruber: "Can you tell me anything about the great chemists of the 17th century?"

Mac: "They are all dead, sir."

George: (as they drove along a lonely road)—"You look lovelier to me every minute. Do you know what that's a sign of?"

Barb: "Sure. You're about to run out of gas."

The guys who think our jokes are rough
Would quickly change their views
If they'd compare the ones we print
With those we're scared to use.
